Families at Home

Below is a set of resources that can be provided directly to families without the need of facilitation by library staff.

Hands-on Activity: Daylight in a Bottle

Celebrate Earth Day at home by harnessing the power of natural resources! This [family guide](#) explores how you can read a secret message from a friend or light up a room with just two things: free, clean energy from the Sun and a water bottle.

The activity has a how-to video (below) as well as a short, four minute video, "[A Liter of Light @ Night](#)", showing how this technology has been used practically in other countries.
